

INJECTION PORTS

HIGH PRESSURE MECHANICAL PORTS

1/2" Mechanical Packers — Item #500

1/2" expanding port, orange in color, For high pressure.

100 / box. **APPLICATION:**

Injection of chemical grouts and epoxy resins in sound or deteriorating concrete. Packer neck requires 3/8" or 10mm socket wrench, zerk fitting requires 9/32" zerk driver (Item #ZD516).

5/8" Mechanical Packers — Item #625

5/8" expanding port, yellow-green in color, For high pressure. 100 / box.

APPLICATION: Injection of chemical grouts and epoxy resins in sound or deteriorating concrete. For deep drilling. Packer neck requires 3/8" or 10mm socket wrench, zerk fitting requires 9/32" zerk driver (Item #ZD516).

3/8" Bang-In Ports — Item #640

3/8" tapered port, threaded zerk fitting, for high pressure.

100 / bag. **APPLICATION:**

Injection of chemical grouts and epoxy resins in new or sound concrete. Zerk fitting requires 5/16" zerk driver (Item #ZD932).

One Touch Packer — Item #OTP-10MM

Unique, patented construction eliminates costly extraneous metal pieces, replacing time-consuming zerk fittings with an interior check valve that opens only while chemical grout / epoxy is being injected.

APPLICATION: Injection of chemical grouts and epoxy resins in new or sound concrete.

LOW PRESSURE PLASTIC PORTS

Plastic Surface Mount Ports — Item #652 With Attached Plastic Cap

Surface mount port. Large opening for static mixers. Low pressure only. 100 / bag (includes cap). **APPLICATION:**

For use with 1/4" or 1/2" static mixers and Prime Rez 1600 injection gel.

Plastic Surface Mount Ports — Item #653

Y-shaped base, Low pressure only. Will accept cartridge systems and other pressure injection equipment. 100 / bag.

APPLICATION: Epoxy Injection. (Requires #662.)

Plastic Corner Mount Ports — Item #655

Low pressure only. Will accept cartridge systems and other pressure

injection equipment. 50 / bag. **APPLICATION:** Epoxy Injection. (Requires #662.)

Socket Mount Ports — Item #660

For 1/2" holes. Low pressure only. Will accept cartridge systems and

other pressure injection equipment. 100 / bag. **APPLICATION:** Injection of chemical grouts or epoxy resins for either direct or offset injection. (Requires #662.)

1/4" Caps for Plastic Ports — Item #662

100 / bag. **APPLICATION:**

Required for use with #653, 655, 660. Used to close port after injection.

ZERK DRIVERS

5/16 Zerk Driver – Item #ZD516

5/16 Zerk driver used to install Zerk fittings into port
Box of 10
Used with Bang-In Ports Item # 640

9/32 Zerk Driver – Item #ZD932

9/32 Zerk driver used to install Zerk fittings into packer
Box of 10
Used with 1/2" and 5/8" Mechanical Packers Item #'s 500, 625
