

# Made in U.S.A.

This letter is to certify that all products produced by Prime Resins fully comply with the Buy American Clause of the ARRA Act of 2009. Every product we produce for North America is 100% made in the USA. Final manufacturing is completed at our facility in Conyers, GA. All components used to manufacture our products are made in the USA or will pass an ARRA Substantial Transformation Evaluation. All Prime Resins products sold in North America are manufactured in America. All purchases are backed by 24 hour technical support based in America.
