

## 3 Ways to Level Concrete

### Revolution Compact Slab Lifting System

- Revolution 1 to 1 pump
- 1.25 GPM pumping capacity
- On board heaters
- 25' heated hose
- Built-in recirculation system
- Integrated flush system
- 20 gallon total material tanks
- Off road kit standard
- Accessories, including pump lube, tank desiccant dryers, 86" flush pail strap, replacement fuse, Revolution manual, etc.
- **1 day of hands-on, on-site training in the Continental U.S.**

#### Features:

- Self-contained and portable
- Runs on two 20 amp 120V circuits
- Weighs only 232 pounds and fits through a standard 36" door
- Designed exclusively for Precision Lift™ lifting foams

Available in North America only.

### Precision Lift™ Expert Rig

- 18' long, 8' high, 8.5' wide tag-along V-nose trailer
- 9 HP gas air compressor
- 22 KW gas three phase generator
- PMC hydraulic proportioner - PH2
- Max output 2.8 GPM
- 210' heated hose with scuff guard (up to 310' capable)
- Refrigerated air dryer
- 2 PMC transfer pumps & built-in recirculation kit
- Titan Advantage airless pump (for flushing Equalizer Gun)
- Shore power capability (120 vac)
- First aid and eye wash kits
- **1 day of hands-on, on-site training in the Continental U.S.**

#### Features:

- Drop-down rear ramp door with rubber diamond plate floor
- Sprayfoam insulated sides and roof
- 14,000 GVRW dual axle
- LED exterior lights
- Alloy wheels with aluminum trim package
- Interior shore power heater
- Work bench with vice
- Side access panel for heated hose
- Door and slide out for generator and compressor

### Precision Lift™ Professional Rig

- 22' long, 8' high, 8.5' wide tag-along V-nose trailer
- 5 HP 3PH electric air compressor
- 45 KW diesel three phase generator - Tier 4
- PMC hydraulic proportioner - PH 40
- Max output 4.0 GPM
- 210' heated hose with scuff guard (up to 410' capable)
- Flow meters with PLC display (meets DOT specifications)
- Regenerative air dryer
- 2 PMC transfer pumps & built-in recirculation kit
- Titan Advantage airless pump (for flushing Equalizer Gun)
- Shore power capability (120 vac)
- First aid and eye wash kits
- **1 day of hands-on, on-site training in the Continental U.S.**

#### Features:

- Drop-down rear ramp door with rubber diamond plate floor
- Sprayfoam insulated sides and roof
- 14,000 GVRW dual axle
- LED exterior lights
- Alloy wheels with aluminum trim package
- Interior shore power heater
- Work bench with vice and tool drawer
- Wall cabinet
- Side access panel for heated hose
- Separate mechanical room
